ITEM ONE: The City of Gallup Planning and Zoning Commission will hold a work session in order to review the final version of the update to the Gallup Land Development Standards. The meeting will focus on reviewing the thresholds pertaining to alterations and additions to existing structures.

CB presented the current and updated Land Development Standards sections that pertained to site improvements and landscaping. He explained how some sections were added by the Steering Committee and members of the public. CB spoke about how there was a provision added that allowed projects to go through an administrative process for relief when a site was infeasible of the meeting requirements.

There were discussions that took place between the Commissioners, Staff and the public regarding how the different thresholds should be increased or decreased. Many members of the public stated their concerns about how the project costs and required percentages of improvements would affect their properties and businesses.

Chairman Wilson asked each Commissioner to write their suggested dollar amounts and percentages on a piece of paper where the average would be considered for the site improvement thresholds.

Chairman Wilson granted a recess at 6:54 p.m.

The special meeting of the Planning and Zoning Commission was reconvened. Chairman Wilson called the meeting to order at 6:57 p.m.

Madam Secretary, Nikki Lee read aloud the average calculation of the Commissioner's thresholds, which was \$450,000 and 12%.
