

# Connected™ Control Module

- ▶ Fleet lockdown - scheduled lock and unlock
- ▶ Vehicle staging mode (Stop or 2 mph settings)
- ▶ Anti-tamper mode (stop or 2 mph settings)
- ▶ Set vehicle top speed (fleet, group, individual)
- ▶ Action zone variable speed car control
  - ▶ 2mph, 7mph, 10mph, normal, stop, stop and reverse - not just on / off
- ▶ Action zone messaging (with customized .jpg options)
- ▶ Geofence customized setting for property boundaries
- ▶ Vehicle grouping by department - normal, marshal, assisted, and F&B
- ▶ Pop-up and push notifications - action zones, etc.
- ▶ Maximum hole settings (9, 18, unlimited) with push notifications for control
- ▶ Car path only management (multiple action zones tied to one rule - not just a car path)
- ▶ Visual notification - speed change on display unit
- ▶ One touch weather management (message to all cars and freeze pace of play)
