Formal Bid No. 2007

Notice is hereby given that the City of Gallup, New Mexico will receive sealed proposals for construction of NAVAJO GALLUP WATER SUPPLY PROJECT, REACH 27.10 until the hour of 2:00 P.M., March 31, 2020 at the office of the Procurement Manager at City Hall, 110 West Aztec Avenue, Gallup, New Mexico. Bids will be opened, read and tabulated at that time. No bids will be received or considered if received after the time stated above.

The project consists of constructing a 3.0 MG welded steel reservoir, a pump station, and altitude valve station, and an altitude valve vault at Cresto Water Tank along with installing approximately 9,450 linear feet of 16" CL350 ductile iron waterline, 3,380 linear feet of 12" CL 235 DR18 C900 PVC waterline, a 212 linear foot jack and bore crossing of NM State Road 602 with a 12" carrier pipe in a 20" steel casing and tie-ins to existing waterline lines. Work will also include air release stations, valves, fittings, specials, grading, excavation, trenching, backfilling, and compaction. Asphalt, gravel road surfacing and fencing will also be required.

This project is located south of Gallup, New Mexico. The 16" waterline begins on the south side of Mendoza Road immediately south of the airport, runs southeast to the tank and pump station site. The site is located along the Old Zuni Road east of the intersection of Dusty Road and Cipriano Street. The 12" water line then runs east from the tank and pump station site, crosses NM State Road 602 and ends at the intersection of Dee Ann Ave and NM State Road 602.

Plans, Specifications and Bidding Documents may be examined at the City of Gallup Water, and Wastewater Administrative Office located at 230 S. Second Street Gallup, New Mexico. You can also find more information on the project at www.gallupnm.gov/bids.
