New Dog Waste Bag Dispensers in City Parks

The City of Gallup's Keep Gallup Clean and Beautiful Board (KGCB) elected to purchase dog waste bag dispensers at a variety of locations around Gallup. These stations include signage, free dog waste bags, and a waste disposal can for those bags.

Former KGCB board member Cory Lebeck advocated for the dispenser, stating "In an effort to strive to be a more pet-friendly community, these dog waste bag dispensers will be available to help keep our community cleaner. If successful, there will be plans to add more to various neighborhoods. Keep Gallup Clean and Beautiful!"

The dispensers are located in Bubany Park, Mentmore High Desert trailhead, the Gallup Sports Complex, the Vanden Bosch trailhead, and in the park adjacent to the Playground of Dreams. The new stations were funded through a New Mexico Clean and Beautiful grant and were installed by City parks employees last week.

Please visit the Facebook page for Keep Gallup Clean and Beautiful @kgcb505 for more information about programs and opportunities to join community clean-up efforts.
