High-Efficiency (HE) REFRIGERATOR **Residential Rebate PROGRAM POLICY**

ABOUT THE PROGRAM

This program offers a \$100 financial incentive for City of Gallup residential electric customers who choose to purchase a new **Energy Star (HE) Refrigerator**.

ENERGY STAR certified refrigerators use less energy and help us reduce our impact on the environment. By properly recycling your old refrigerator and replacing it with a new Energy Star certified refrigerator, you can save between \$35 - \$300 on energy costs over its lifetime. Use the ENERGY STAR Savings Calculator to find out exactly how much money you'll save by replacing your existing refrigerator <https://www.energystar.gov/index.cfm?fuseaction=refrig.calculator>. This rebate will be in effect until June 30, 2024 unless action to extend this policy is taken by the Gallup City Council prior to that date.
